Rules

Class one: Vehicles must have full cage and 5 or 4 point harness for driver and spotter. Spotter on this event is not necessary. Vehicle must have everything tied down properly and pass a tech inspection prior to his turn. Brakes are mandatory. This is a timed event only no penalties for backs or gates. However driver must keep vehicle on the course at all times. Hitting a trail banner, rope or tape will cause immediate disqualification. No do overs. Therefore the driver must be in control at all times. (Heat one) Vehicles will run the course one at a time. (Heat two) Five fastest times will run again. (Heat three) Three fastest times of the five will run again. Fastest first three times are the winners. Fastest times may be from any of the three heats. Second and third heats are there to see if they can beat the times from the previous heats. If you break you must be ready for the start of the next heat that you qualify for. If you cannot compete your time still stands. You just don't get to run again.

Class two three and four: ATV's will run all together in their respective classes. All will start at once. Each class will run five laps of the course. Everything must be tied down properly. Brakes must be perfect. Drivers must wear complete protective gear. No short cuts and hitting a course barrier banner rope or tape will cause disqualification. No penalty for backups and etc. No kicking punching or hitting other drivers will be tolerated.

Class four: Off highway motorcycles will run the course all starting at the same time. They will run for 30 minutes; as many laps as that provides. Drivers as in the above classes for ATV's must wear approved safety equipment. Once again no hitting, pulling hand guns and etc will be allowed.
